

ANTHONY ROAD WINE COMPANY

Wine Story

Who is Tony? This is a question we get asked constantly. Tony lives close by and has been a friend of the winery for many years. He used to work on the Naval Barge that is permanently positioned in the middle of Seneca Lake, just in front of the winery. At home, Tony makes his own wine and likes the sweet and fruity style. This is the profile that we aim capture in our Tony's wines. Every once in awhile Tony stops by to catch up and stock up on his namesake wines. Want to know what he looks like? Just look at the label.

Winemaking Notes

Tony's Blush is a blend of Rougeon, Cabernet Franc and Cayuga White. The blend ratio is about 50-50 red and white. A little sweeter than Tony's Red and White, the Blush refreshes while pleasing that sweet tooth.

Tasting Notes

Strawberry, cherry, watermelon and candy notes are what you can look forward to when tasting our Tony's Blush, Always refreshing and pleasingly sweet.
